## Frederick Search and Frank Moss in Joint Concert

Carmel has another musical treat in store, when Frederick Preston Search, violoncellist, and Frank Moss, piano soloist, formerly director of the Honolulu Music College and now of San Francisco, present a joint concert in Arts and Crafts Hall on Monday evening, February 12.

They will give us a glorious program containing several American compositions in honor of Lincoln's birthday. Of Mr. Search, cellist, we need not say anything.

Frank Moss appeared here with Mr. Search in chamber music concert two years ago and we remember that he also played in Monterey with Alice Gentle. Moss is now leader of the Florestan Trio of San Francisco. He appears with Persinger at all his biggest concert engagements and he is now playing many piano recitals through California.

## Pacific Grove Musical Society's Second Concert

The second concert of the Pacific Grove Musical Society will be held at the Pacific Grove Grammar School Auditorium on Wednesday evening, January 31. The rehearsals of the chorus and orchestra have been going forward with satisfactory results and it is an assured fact that this second concert will be even more enjoyable than the first. A feature of this concert will be the singing of the Cantata, "The Sowing of Sequoia" from "The Soul of Sequoia," by Thomas Vincent Cator. It will be sung with orchestral accompaniment, and Mrs. R. A. Leitch as soloist.

It was found advisable by the directors of the society to make an admission charge to help defray the necessary expenses of running this organization, therefore a charge of 35c for general admission will be made with an additional charge of 25c for reserved seats. Reserved seats will be on sale at the Del Monte Properties Co. office, 565 Lighthouse avenue, beginning Monday morning and closing Wednesday at 5 p. m.

## Many Conferences for Asilomar This Year

July 2-July 9—Epworth League, Northern California Conference.  
July 10-July 20—Missionary Education Movement.  
July 20-July 30—Northern California Young People's Union.  
August 3-13—Y. W. C. A. Community Conference and Y. W. C. A. Student Conference.  
August 14-24—Presbyterian Synod.  
October 10-17—Congregational Conference, Northern California.

## This Bird Was a Scream

A few years ago, when the writer of this paragraph lived in Los Gatos, there was a literary chap lived up in the nearby mountains, who was writing "The Bird of Paradise," a theatrical production, and wanted money to put it over; he got the needed financial assistance from ex-Senator Phelan, and the Senator is said to have cleaned up \$150,000 from his investment. The writer was none other than Richard Walton Tully, who is now putting on "Omar, the Tentmaker," which promises to be as popular as "The Bird of Paradise," and Mr. Phelan is backing this play, also.—Pacific Grove Review.

## Two Water-Colors

Y. F. Swain

I.

### Vignette

*Tonight the wide shoulder of the the west  
Flaunted a crimson scarf; the sun  
Wore gray tonight and, stepping down horizon's rung,  
Was gone;  
And going, like a cavalier from window-tryst, he  
The skirt of that gray cloak & shoulder, [flung  
Splashing crimson like a flame  
Across the lilac-pool of dusk!*

II.

### Pastel

*The sun creeps through a thin heaven,  
And the fog gathers up her veils,  
Silently to walk beyond the hills;  
Her little feet drop jewels in the pines,  
Gray moonstones in the dull sunlight.  
The sea throws wraiths of spume-haze  
The color of souls.*

*The brisk red roofs doze now—  
Toned to incoherence  
And the lassitude of pastel.*

## Wanted—A Piano

The Carmel Arts and Crafts Club is badly in need of a new piano. Everyone knows this, but everyone does not know that it will be a comparatively easy matter to obtain one.

If we can get one hundred people in Carmel who are sufficiently interested in this project to pay one dollar a month for eighteen months, the Club will possess a Steinway concert grand piano; a brand new one. Already twenty people have pledged themselves to do this. I believe we can get eighty more. Pebble Beach and the Highlands residents—this means you, also. You enjoy artistic recitals in the Arts and Crafts as much as we do, so why not join in the good cause!

We request any one who is willing to do this to hand in or send in their names to the Pine Cone. The names of all subscribers will be published.

This piano will not be used for dances or for any purpose other than artist recitals and club programs. It will be kept locked and carefully guarded.

We want the best in music as well as in other things, and I strongly urge those who are able to contribute toward the acquisition of this splendid instrument to step forth and give the good cheer which will transform hope into realization.

THOMAS VINCENT CATOR,  
Chairman of the Arts and Crafts Music Section.

## "Red" Cornett and "Battling" Nelson Again Sparring Partners—This Time for Public Health

If the reported plans of our county auditor and purchasing agent, "Red" Cornett, and his partner, "Battling" Nelson, pan out, the state will soon be flooded with Calivichy, a Mendocino county mineral water.

Now, no one ever suspected "Red" and "Bat" of being partial to the Volstead Act, but the fact that they plan to go into the water business would in-

dicate that they are strong for the Eighteenth Amendment.

Hereafter it will be "Bottling" Nelson, and while there will be a "Red" in the firm, there will be no red in the product.

In connection with the bottling establishment, there will be a health and sporting resort, such a resort as will cast in the shade Muldoon's place at White Plains, N. J.

## David Alberto in Splendid Form at Recent Concert

A week ago Friday night David Alberto played in the Arts and Crafts Hall. The audience was a large one; it came expecting to be given much; it went away with even more than it had hoped for. Alberto surpassed even the expectations of his friends; he did more; he won the enthusiastic allegiance of many strangers there—people who up till then had never as much as imagined that Carmel could boast so fine a true musician.

Much could be said in honor of Alberto of the quite extraordinary quality of his tone—of the curious art by which he makes complex rhythms sound simple and serene, and simple rhythms startlingly subtle—of the originality of his conceptions—of his creative imagination—much could be said that would not be pertinent here. After all, what the audience wants is not so much an understanding of the methods of the artist but to come emotionally in direct contact with him—to be taken intimately into the circle of his aesthetic life and to be made to feel at home there—to share with him his heaven and hell of ecstatic sound.

The one and only question any audience puts to an artist—any artist—is: "Can you do this?" Alberto answered that question with emphasis in the affirmative. There is no doubt but that he is a great host and that he entertained us royally. Moreover, he entertained us in the modern manner—with the modern gesture. This was shown as clearly on the first half of the program (which was all Chopin) as in the latter half, when he came to Scriabine and Debussy. His rendering of Scriabine, by the way, was one of the great moments of the evening. Yes; Alberto is modern—the true modern—not the eccentric. He has new things to say and he says them with authority in his own individual way. This is his value—his significance both to Carmel and the world.

Carmel needs more of this—it needs to hear more of Alberto—and not only Alberto—it needs to hear more music—music of every kind—old and new. Carmel is well supplied with all that makes for happiness—with the exception of music. This is not the fault of our musicians—we have enough musicians, only we are not deeply aware of them and of our need.

We have unconsciously adopted the habit of going without or perhaps we say "there is not money enough to bring the greatest artists here," which is a mistake. Sweets and desserts are all very well in their way but the staff of life is bread and to hear good music often is as necessary to righteous living as is good bread. We forget this—Friday night was a reminder—it sent us away crying out for more; if there are enough of us—if the demand is emphatic enough—we shall get more, be sure.

The program, aside from encores for every number, was as follows:

Two Etudes	Chopin
Waltz C Sharp Minor	Chopin
Nocturne Op. 32, No. 1	Chopin
Sonata Op. 35	Chopin
Agitato-Scherzo	Chopin
Marche Funibre-Presto	Chopin
March Winds	MacDowell
Poem Op. 63, No. 2	Scriabine
Prelude, Op. 67, No. 2	Scriabine
Poissons d'or	Debussy
Aveu	Leschetizky
Concert Arabesques on Motifs by Johann Strauss	Schultz-Evler

## Deluge of Erudition

Chaperoned by Raymond B. Leland, principal of the San Jose high, six members of the faculty of the school visited Carmel last week-end. They were a hard-looking lot and were under the constant surveillance of Marshal Gus England. A record of the men and their crimes is as follows: O. B. Vogt, physical education; George B. Maas, physics; A. C. Heinson and Roy A. Hicks, vocational training, and Roy Chittick and Walter C. Williams, physical education.

## MUNSEY WOULD SCRAP THE OLD PARTIES

High taxes, unsettled industrial, economic, social and political conditions throughout the United States make interesting reading of an article by Frank A. Munsey, the noted publisher of magazines and newspapers, under the heading, "An Appeal for Two New Parties," in a recent issue of the Nation. Munsey points out that the two old standard parties have ceased to stand for live differentiating principles, and that their leaders spend their time in meaningless political jockeying. Then he goes on: "While this political jockeying has been going on since the great old issues disappeared, a new issue has developed that now divides all America into two political camps, as yet without political names. They are the radical camp and the conservative camp, and within each camp there is a wide range of thought and feeling. Some day, and not a very distant day at that, these two groups will evolve into organized political parties with the name that signify what they stand for."

Mr. Munsey very shrewdly points out that "there is no more conservative section of the country than the south. The conservative people of the south naturally belong with, and should line up with, the conservative people of the north. With new political parties this would be perfectly simple, while it is not possible with the old parties as separate entities in the field."

Everything that Mr. Munsey says is true, and when a man who owns two New York newspapers begins saying such things, it means that soon large numbers of his fellow citizens will begin to accept the truth of his statements. Sooner or later, there is going to be a political realignment in America, and there will be two big parties; one of them will be the Conservative party, the party devoted to maintaining the status quo, and the other will be the Radical party, devoted to a policy of change.

## NAME THE THIRTEENTH MONTH

A resolution calling for an international conference to alter the Gregorian calendar now in use throughout the civilized world has been adopted by the Chamber of Commerce of an eastern city.

The proposed calendar would embrace 13 months of four weeks each, a year of 635 days and a day to be known as January 0 to sandwich between December 28 and New Year's Day.

Leap year, the resolution provides, would be an international holiday, inserted somewhere among the 365 days where it could be enjoyed with fair prospects of good weather. The thirteenth month, the odd one, would be inserted between June and July, and as a consequence everyone would know without asking on what day New Year's comes, and could forget once and for all whether to figure on a 30 or 31 day month.

Calendar changes have been advocated and some adopted since time immemorial. That we are far from a state of perfection in many phases of our everyday life does not need reiteration. Our archaic and antiquated method of computing distances is but an example. But whether a calendar change is advisable or not is a matter of intense study.

Mrs. Romayne Hunkins and son, Byron, while here from Fresno recently, started building on their new dwelling facing Carmel bay.

A special meeting of the Carmel Boys' Club will be held Wednesday evening, when Mrs. Susan Porter will relate experiences of her desert trip.

Gerald Morrow got away for Los Angeles last Monday morning. In the southern city "Jerry" has taken a position as assistant to Dr. C. L. Thudiehum.

"Now, if we only had a resident dentist," remarked a lady, "Carmel would be fully equipped." With a doctor and a beauty parlor now here, the lady hit it about right.

Doctor Charles A. McCollom and wife are home after a three weeks' visit with their sons in Pasadena and Los Angeles. They enjoyed the trip but Carmel looks good to them.

Miss Katharine Cooke, who recently became a member of the Alcazar stock company in San Francisco, is this week playing Mrs. Crothers in Dick Tully's "The Bird of Paradise."

The seven-year-old daughter of Mr. and Mrs. A. J. Reimers of Pebble Beach was badly injured Thursday

morning. The child sustained a crushed hip, cuts from glass and other bruises.

Major Ralph L. Hughes is to have opposition in his race for state senator, the election for which takes place next Tuesday. R. J. Williams, former president of the San Luis Obispo Chamber of Commerce, has but forward by those who aver that Hughes is luke-warm on highway matters.

There will be a meeting of St. Anne's Guild at the Rectory on Monday next at 3 p. m., and on the Friday afternoon following a tea for the benefit of the guild will take place at the home of Mrs. Lucy Hayward, Camino Real near Seventh avenue, at 3 o'clock. All are welcome.

Among the recent arrivals in Carmel is Y. F. Swain, formerly a newspaperman connected with the Christian Science Monitor. Swain comes from Ojai, Cal., and will engage in literary activities here for the next three months. He is living in Wendy cottage on Camino Real.

## Garbage Disposal Still in Abeyance

Carmel householders are still up against the intolerable lack of garbage disposal situation. For many weeks no garbage has been collected, and, contrary to ordinance, people have been obliged to bury and burn refuse in back yards and vacant lots.

At Thursday night's meeting of the city trustees Trustee W. T. Kibbler stated that he had several applications for the job of garbage collector, but where to dispose of the stuff is the problem.

The matter will not brook delay much longer, as it is stated that the State Board of Health has been apprised of the unsanitary conditions.

Other matters taken up at the meeting include the granting of thirty days' more time to Contractor Ruthven on the Ocean avenue job and sixty days on the Monte Verde work.

Trustee T. B. Reardon has the matter of the new fire engine in hand.

The closing of several streets in the Eighty-Acre Tract was referred to Trustee W. L. Maxwell.

### Big Minstrel Organization

#### Coming to Monterey

For years the country has been toured by the famous Georgia Minstrels, a company of colored entertainers, who have established a clientele equal to any, and the announcement that this organization will be at the Monterey Theatre next Saturday afternoon and evening, February 3, insures a crowded house.

This season they come with a bright show, retaining several of the old favorites retained, but with a complete new olio of fifteen vaudeville acts, made up into a program that has plenty of pep and comedy.

The wardrobe and scenery is bright as a new silver dollar, and the peculiar harmony of the singers is always welcome, while the music is a distinct feature.

### Monterey's Big Store

#### Now Being Altered

Owing to increased business, the need of more space, the stocking of new lines, and to expand and improve their present efficient service, the Arcade Department Store in Monterey is undergoing extensive alterations and additions. Mr. Schwartz and Mrs. Blum are always full of new and progressive merchandising ideas and will make an important announcement shortly in the Pine Cone.

#### Elastic Budget.

## Pine Cone's Log of Literature & Art

"Sappho had a wrinkled neck and Cleopatra a flat nose. If Venus was to reappear today she would be classed as a truck horse, while the queen of the Nile would look like a washer-woman if caught walking down a boulevard."

With those few words, Dr. J. P. Fernel, plastic surgeon of Chicago, dismissed the beauties of the past and announced there are more beautiful women in the world today than ever before; in an address delivered to a hairdressers' association.

"Within the next few years the proportion of beautiful women will be immensely multiplied," Dr. Fernel said. "It will almost reach the state where homeliness, like poverty, will be a crime."

In a communication to the Pine Cone it is suggested that for the opening plays in the completed Carmel Arts and Crafts Little Theatre a group of Pasadena or Berkeley amateurs be invited to put on the program. At least consideration should be given the matter, notwithstanding that several of those spoken to about the matter prefer that a local cast and producer put on the initial program.

Theodore Maynard, who made Carmel his home for several months last year, is the subject of an article in a recent Sunday issue of the San Francisco Chronicle. In this article Maynard classifies poets by their attitudes to the universe and free verse. This article should be of interest to Carmelites.

A considerable number of Carmelites went to Monterey last Saturday evening to see Wilma Hervey in a Plum Center comedy. Miss Hervey became famous as the "Powerful Katrinka" in

the Toonerville Comedies, and as "Tille, the Great Dane," she recently supported Dan Mason as "Pop Tuttle" in a series of comedies entitled "Pop Tuttle's Clever Catch."

An interesting story comes out of Los Angeles concerning the erection of a religious edifice in a arroyo near the big city. Bricks and stones from Westminster Abbey, Charemagne's tower and old Manila; crucifixes from Metz and Cavite; old ship lanterns, nails, a pipe organ from Freiburg and Baden, and handiwork from the old Spaniards and Indians comprise a portion of the materials said to have been used in the construction and equipment of a unique structure.

Abbey San Francisco. It is known, is the work of one man entirely, and has been in course of construction for more than eight years. With high buttressed walls of blue granite, tall stained glass windows and high bell tower, it follows the general lines of the old mission style. The red tiles which form the roof were molded and baked by the hands of its lone builder.

Almost every material in the construction of the abbey carries its story. A key, said to have once been Napoleon's, unlocks a big plank door, hung on wrought iron hinges and opening into a great hall. Stones, now part of the brick pillars around the patio, are said to have come from the battlefields along the Italian and German fronts.

A tourist reports that western music is becoming fashionable in Japan, and a study of the piano is now considered a necessary part of the education of a native girl. The playing of the "samisen" and the "koto," the national harp, has not been abandoned, but the younger generation is taking to foreign instruments.

## AUTO INFO

Whenever a tire is changed it is wise to remove all rust patches from the rim with a file or sandpaper. To complete the job apply a light coating of graphite shellac. This will make the process of changing much easier.

Sources of squeaks in the body of a car may be in the floor boards, which may be loose and rubbing together; in loose doors, windshields or brackets; the dash, particularly where it is secured to the body; where the body rests on the car frame or in the top bows and braces.

The universal joints should be cleaned thoroughly several times during the year. Then inject a small quantity of high-quality steam cylinder oil, and rotate the joints for several minutes to permit the oil to work its way into the bearing surfaces.

A common fault which cuts down the gasoline mileage is the excessive

use of brakes. The needless pressing of the brakes only serves to make the motor use more energy in pulling against this contracting force. The brake should be used to slow the car down when it is necessary, and the driver should watch the road so that the car will slow down of its own momentum, which in the great majority of cases can be done without the use of brakes.

One of the most significant revolutions in transportation is taking place on the Pacific Coast, particularly in California, as a result of the introduction of the "motor stage" as a competitor of the steam and electric lines. During the past year more than 13,000,000 passengers traveled in these gasoline-driven, rubber-tired common carriers in California. The social and economic results from this change are marked. Communities that were considered forever off "the beaten track" have found new life. The motor buses have made every farmer's gateway a stopping point comparable to a street corner on a city car line. The rail lines, steam and electric, have awakened to the fact that they face a competitor who can give a service they cannot give.

## Rich in Harmony if Poor in Attendance

On account of inclement weather only a small audience gathered on Tuesday evening at Arts and Crafts Hall to hear Louise MacPherson in piano recital. It is to be regretted that a much larger number were not present to hear this excellent young artist.

In a varied program, including Bach, Godowsky, Scarlatti, Chopin and Liszt, the player exhibited a splendid equipment in technique and played with much assurance. One is impressed with the excellent clarity of phrasing and fine sense of rhythm in all of Miss MacPherson's work.

Of the individual numbers on the program, the Scarlatti Sonata in C minor, Schumann's Aufschwung and Liszt Fantasia were the high spots in the evening's delightful entertainment.

Louise MacPherson has two splendid attributes—youth and a sound musical equipment. We may predict great artistic achievement for her in the coming years.
